Subject: Lennox Financial Group – Letter of Recognition

I am writing this letter to recognize Lennox Financial Group for the positive contributions it is making to the City of Pickering.

Namely, Lennox Financial is proud to be a Pickering-based business with all of its employees hailing from Durham Region. I commend this company for providing meaningful employment opportunities to our residents.

In addition, Lennox Financial is actively practicing corporate social responsibility by supporting local sports teams as well as the Royal Canadian Legion Long Term Care Facility. This strong commitment to the community serves as a leadership example to all.

Finally, I am pleased to know that Lennox Financial will be providing University of Ontario Institute of Technology students with the opportunity to work on business projects where they can utilize their skills and education while gaining meaningful real-world experience.

Once again, I am proud to recognize Lennox Financial for being a strong addition to our dynamic business environment, while also helping to strengthen the ties in our community.

Yours truly

Dave Ryan  
Mayor, City of Pickering
